European meeting
for trainers and teachers
from 22nd to 26th January 2018
at CEZ– Bergerie nationale
Rambouillet
(30 min from Paris)
France

THE MINISTRY OF AGRICULTURE / I.N.N.E.R. AGREEMENT

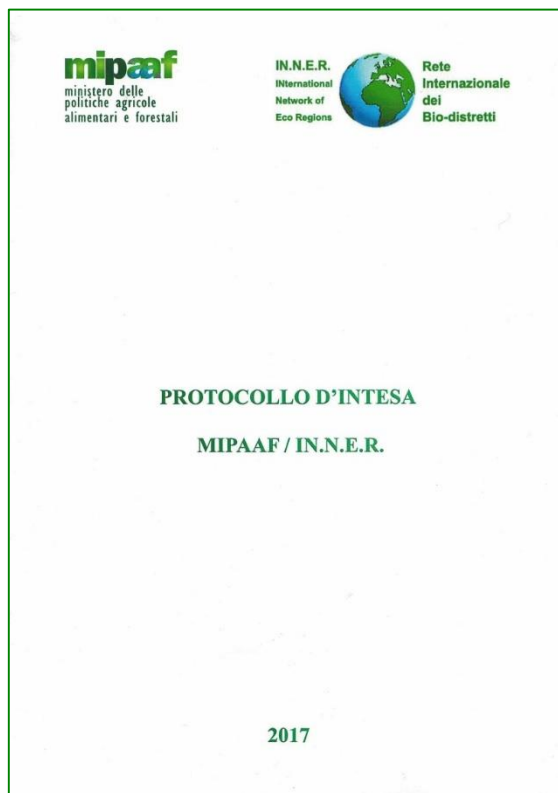

The main objectives of the Agreement are:

- To update the national and regional legislative framework considering the social, environmental and economic value of the eco-regions local development processes, the governance and the active participation of stakeholders and citizens,
- To define the necessary supporting actions in the Regional Development Plans,
- To release the Strategic Guidelines for 2020 and the operational and institutional guidelines, at different levels, to promote, strengthen, develop and disseminate the eco-region good practice.

To implement these objectives has been instituted a

Work Panel

With the involvement of representatives of the Ministries of Agriculture, Environment and Foreign Affairs, the Regional Councils for Agriculture, the National Association of the Italian Municipalities, Universities and Research Institutes carrying on activities related with the eco-regions, associations from the organic sector.
