

ORGANIKO - Revamping organic farming and its products in the context of climate change mitigation strategies - LIFE14 CCM/CY/000990

<http://organikolife.com/en/>

3rd Training Course: The new Italian organic farming (OF) law and the EU legislative verification for OF group certification

CILENTO BIO-DISTRICT

Ceraso(SA), Sunday 1^o of October 2017

9:30 – 13:30

Dr. Francesco Giardina – SINAB

In collaboration with

“SINAB” is the National Information System on Organic Farming

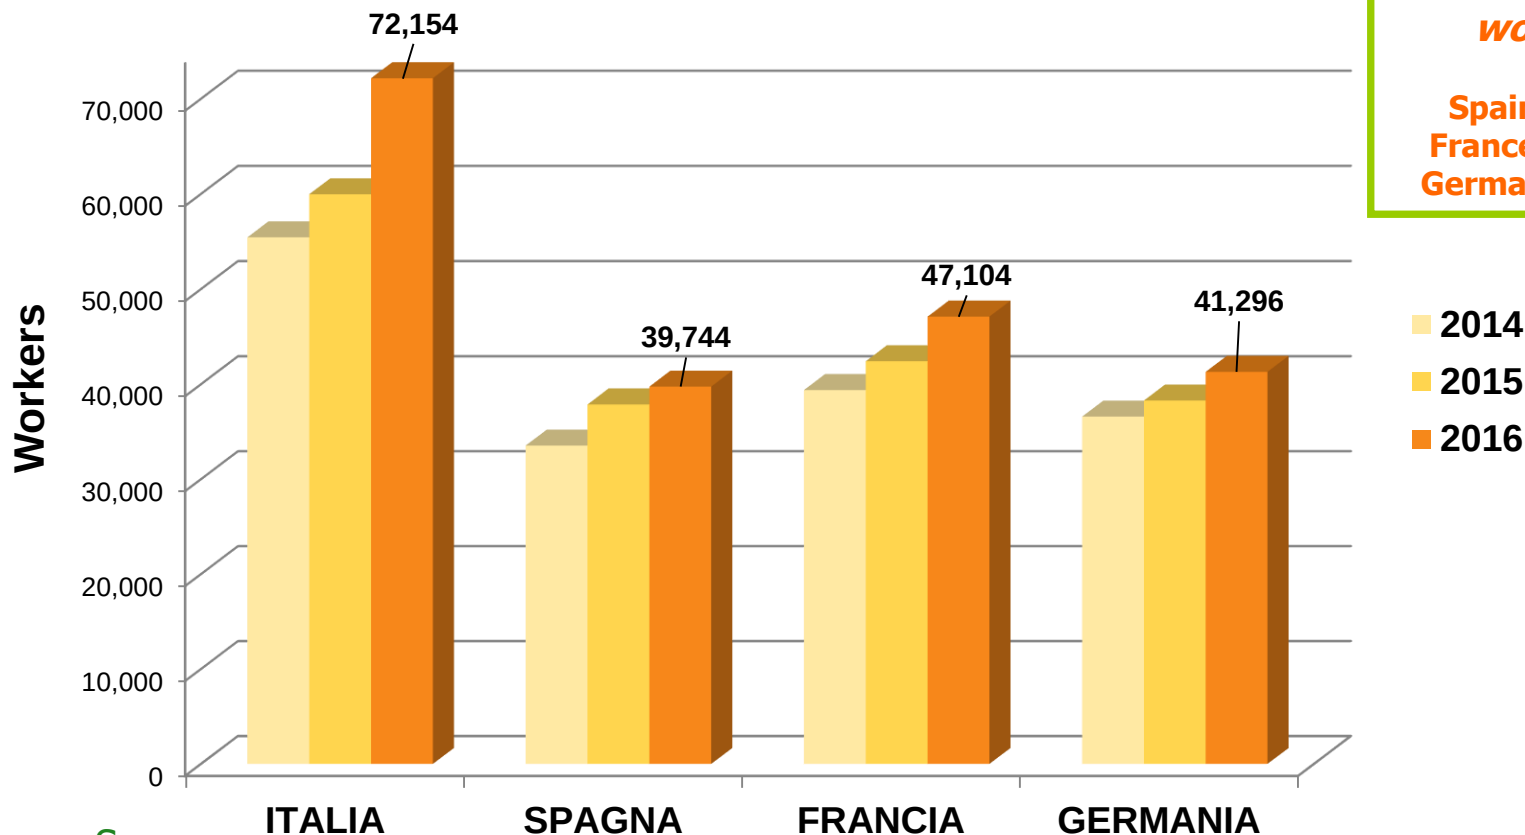

SINAB is a project financed by the **Mipaaf** – Ministry of Agriculture and managed by **ISMEA** – Institution of Services for the Agricultural food Market and by **IAMB**– Mediterranean Agronomic Institution of Bari

- ✓ One of the SINAB goals is the yearly publishing of the report
- 'BIO IN CIFRE' (BIO IN NUMBERS)**

Italian organic records 2017 updates:

- ✓ Largest organic **agricultural area** (1.795.650 ha) and **workers** (72.154) ever reached
- ✓ Percentage **change** since the past year:
 - Workers +20,3%
 - Area +20,3%
- ✓ **Percentage** of the Organic Used Agricultural Area on the total: 14,5% (ISTAT SPA 2013)
